

FRIDAY, JULY 3RD

We understand the recent pandemic has left many of our members in financial stress. In order to offer relief to our members, we have continued to delay the semi-annual maintenance fee that was originally set to be deducted on Friday, May 8th. For any member set to have the deduction previously, the new date will be Friday, July 3rd.

Any member who joined the facility after our closure on March 16th will not receive the deduction until November 6th.
